

Welcome to Marsh Lane Allotments!

The site has been leased by Hungerford Town Council since 2009 for the benefit of local residents. The site is managed by Hungerford Allotment Holders Association (HAHA) on behalf of the Council.

As a Plot Holder you are provided with:

- A fenced site to prevent deer, rabbit, dog and chicken nuisance.
- Water from troughs or the tanks beside the container.
- A store for keeping hand tools (Tool Store on Plot 65).
- A mower for cutting the paths around your plot (Mower Store next to Tool Store)
- Manure (when available) from Plot 58. Price per barrow depends on quality and cost of provision. Money to be left in Honesty Box beside the generator.
- A free stone removal service by Town and Manor. Bags are available from the Tool Store. Simply leave unwanted stones in a bag on a corner of your plot.
- Material for temporary cover of unused parts of your plot to minimise weed growth. (Stacked in 1 pole pieces behind Tool Store). Return after use.
- An incinerator for use from October to March.
- A composting toilet funded by a grant from the Big Lottery Fund in 2017.

As a Plot Holder you are asked to:

- Read and comply with your obligations under your Tenancy Agreement, particularly the requirement NOT to cause weed nuisance to other plot holders.
- Follow instructions in the Tool Store when adopting your pegs.
- Only use the Tool Store for very short term storage of any plant or machinery you hire.
- Keep the gates closed when not being used and to lock all gates and stores if last to leave.
- Keep the water troughs covered so as to minimise the algal growth that can block watering cans. Similarly don't wash vegetables in the troughs, use the buckets provided.
- Respect the site and other plot holders by keeping pathways and parking areas clear of tools, equipment, manure piles and general debris.
- Only plant small cordon/columnar fruit trees/shrubs
- Lend a hand to help run the site as and when requested and available.
- Give the committee your ideas for site improvement.
